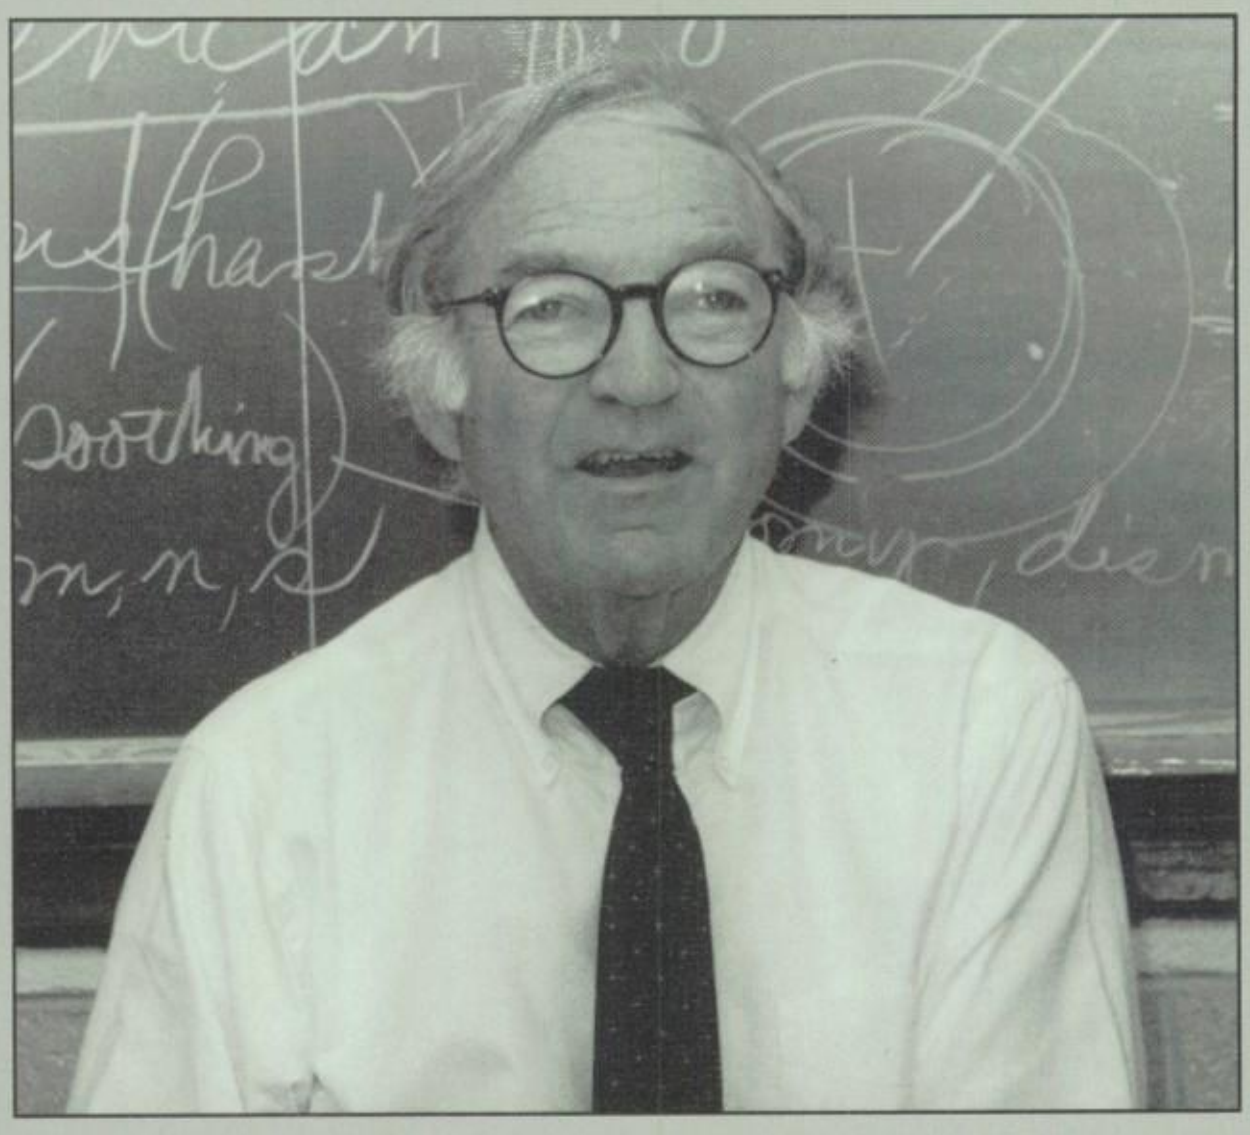
Dedication



The students of Saint Christopher's School dedicate the sixty-third edition of the *The Raps and Taps* to Mr. George Ocran Squires. For thirty-five years Mr. Squires has educated, inspired, and amused the students at St. Christopher's.

Over the years Mr. Squires has developed a reputation as someone who cares. His patience with students and willingness to give of himself has enabled scores of students to reach their full potential. However, his contributions to the school go far beyond the classroom.

Mr. Squires' encyclopedic reservoir of knowledge has settled many dining hall "debates." His sense of humor and wit is legendary. No matter what day, season or weather condition, Mr. Squires can always be counted on to point out the brighter side of the situation.

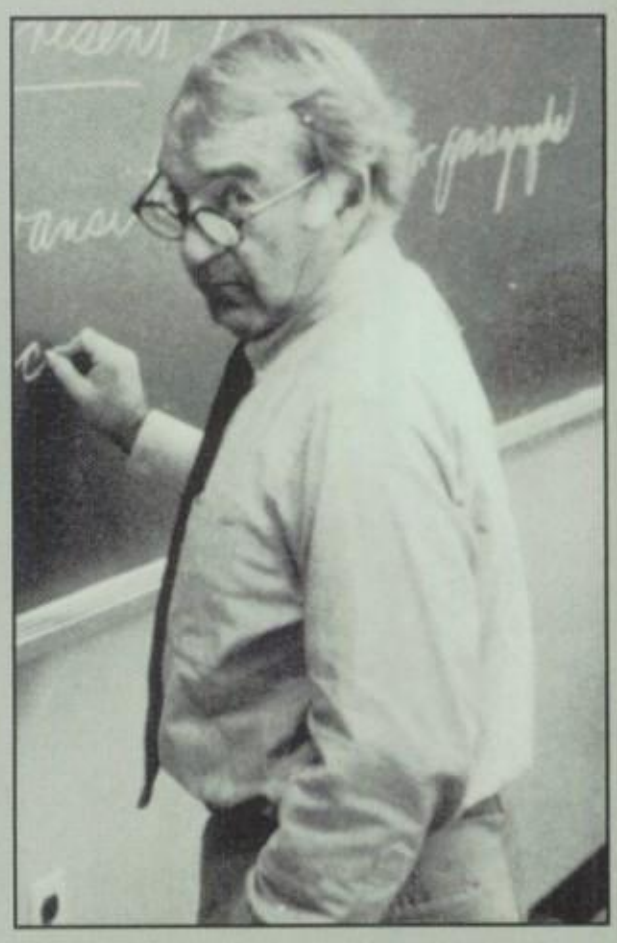
For decades George Ocran Squires has been an integral part of the Saint Christopher family and we are better because of him.

His sense of humor complements his style of teaching. He knows how to get the students to care about what they learn.

- Allan Wright

He always wants to help, and he's really committed to his work.

- Kinloch Nelson

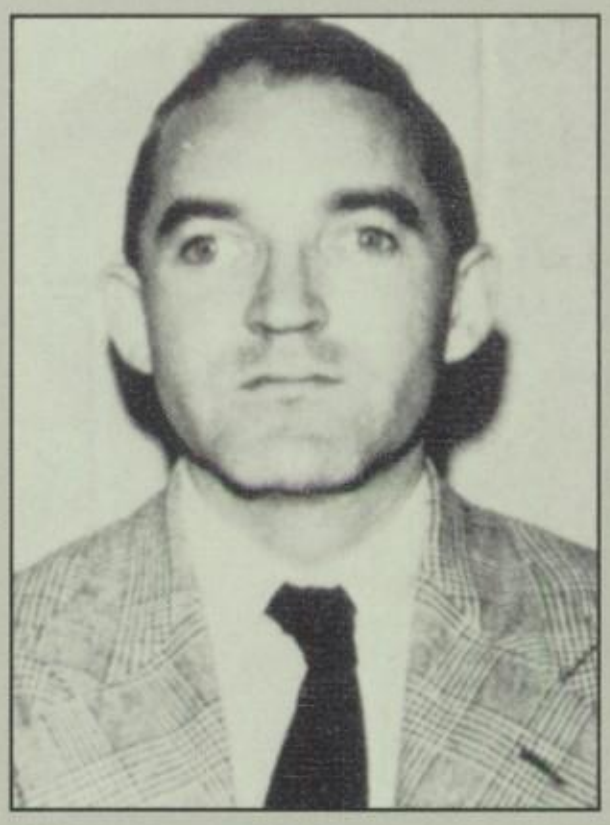


As a student, I had the privilege of being in Mr. Squires' Honors Rhetoric class in 1979. From those three months of instruction, I grew more self-conscious of my reasoning and writing as he prompted us to question our competence and subsequent confidence. He taught us to appreciate the potential impact of carefully chosen nouns, verbs, objects, and modifiers. I'm sure he had planned to do, he brought a group of supposedly advanced writers back down to earth. I suppose that's why some of his students in the past two years have alluded to him as a god in whose hands they hang suspended.

When I returned to St. Christopher's two years ago, Mr. Squires would remind me that students should not linger in the hallway. Although I *think* he was joking, I was acutely aware of my limited knowledge compared to his erudition. I know that I can still turn to him to learn what I should have known; thus he implicitly reminds me of the reading and study that I have yet to confront. In retrospect, I suppose that I, too, should have asked eight years ago, "Is education wasted on the young?"

No, I realize that education is not wasted on the young; indeed, Mr. Squires has helped me and hundreds of others appreciate the substance not only of his teaching but of our never-ceasing education.

- Bob Harris



When I was here, the English Department was the best department in the school, and he was the best teacher.

- Rob Pasco

In the twenty-six years I've worked with him, I've viewed him as "the English Professor," and I have always been greeted with a smile, and I count him as a valued friend.

- A.J. Bolling

He is been not only a close friend, but one of those who has added joy and depth to the school's intellectual life.

- Ron Smith

George Squires! You are purely something! - Liston Rudd

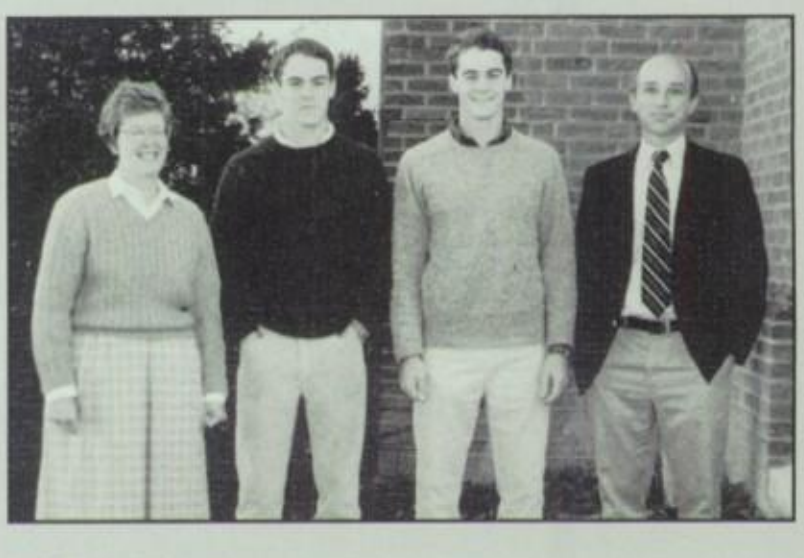
A Letter from the Chairman

The students at St. Christopher's place great emphasis on honesty and honor. By not lying, cheating, or stealing, a person is honest; yet an honest person must also be honorable: he must value his integrity and respect himself and others. The Honor Code, and the system it endorses, reflects the importance of honesty and honor.

The school, in return, supports the Code and its meaning with the student-run organization, the Honor Council. The Honor Council maintains the community of trust and educates the students in the understanding of the principles of honesty and honor. Thus, the council is the most essential and effective student organization; and the '87-88 Honor Council was no exception. I thank the members and the advisors for helping me preserve the tradition of honesty and honor.

-The Chairman



Advisor Camp, Chairman John Berry, Secretary Bill Berry, Advisor West

Honor Code

On my honor as a gentleman, I have neither given nor received any help on this paper; nor am I aware of any breach of the Honor Code.

Will Reflects

This years Student Council began the '87-'88 term vowing to be influential and effective as the bridge between the student body and administration. This year has been time of excitement for all of the representatives as we accepted the attitude of being catalysts to make great headway. It was also a period of learning as we gained patience in the role of leadership, striving for change yet learning to respect the opinions of those administrators in authority above us.

The Council confronted many challenges including the recurring parking lot dilemma with unparalleled overcrowding. The chaotic situation was alleviated and made much better by requiring St. Catherine's students to park behind the chapel. On another issue, the Council worked with the cafeteria manager, at the request of students, to write new menus, allowing more variety and larger sized meals.

Another challenge included lobbying for more senior privileges; specifically, attempting to gain the opportunity to eat out on occasion for lunch. These are just a few of the goals this year's Council realized and pursued during a highly successful term.

It has been my privilege to work with these representatives for the student body. The Student Council has been active and determined to battle for improvements for the students and to improve communications between the latter and administration.

A special thanks is given to Mr. Bolling and Mr. Pasco, our advisors who devoted time and good advice to the session of '87-'88. Without our valuable advisors, the Student Council would not have been nearly the success it was.

A Message From Lauro

It is August 22nd, 1987. I wake up (by the way, pretty late) and I look around to see new furniture, doors, bigger windows, and the radio sounding a different language. That was not part of my dream anymore; it was indeed my new life.

It's hard to explain exactly what living with a new family, studying a lot, and, of course, going out with new friends mean to me. Moreover, there exist unnumerable differences in the climate, the food, and the people, oh! I cannot even believe the cars I see every morning on the way to school.

Besides the knowledge I acquire every single day, my AFS year is teaching me how to face the moments of pleasure and frustration. Because of them, I am able to identify new values, feelings, thoughts and limits I had not realized before now.

Being an AFS student, I have a long journey ahead of me. Along the way, there are colorful trees, wonderful waterfalls, birds whistling songs of fraternity. I stop walking. I take many and many pictures. Suddenly, tough rocks appear over the way. My feet seem to surrender before the hard soil.

However, those pictures I've been taking help keep me going and looking forward. I can say that the rocks are the inevitable obstacles I've got to fight against. The pictures showing me my way are my friends, my new family, and those who will be sad in July, 1988 when I will say "good-bye."

After all, I could look up in my Webster's Pocket Dictionary a proper word to describe this exciting and challenging period of my life. But, I would rather say it by myself, "It's been raging dude, I mean, awesome!"

Parker and "Bayles" Speak

As we, the Editors of ***The Pine Needle***, attempted to maintain traditional aspects of the paper, we introduced new features and treated controversial issues. As a result ***The Pine Needle*** became a better reflection of the school community.

The Pine Needle has offered a greater diversity of features this year than it has in the past. Student involvement with the paper increased dramatically; underclassmen participated in all aspects of production. Add to this a devoted staff and Mr. Harris, our resourceful faculty advisor, and the result is a winning combination. We feel that we accomplished our goals of re-defining "the high-school paper."

The Hieroglyphic, St. Christopher's literary magazine, has been a quality publication since its conception in 1961, when it was known as "The St. Christopher's Literary Magazine." Although the magazine has gone through quite a few changes, from being seasonal to yearly and even seeing a collaboration with St. Catherine's, it has maintained a notable reputation, especially in the past few years. The staff of **The Hieroglyphic** would like to extend its gratitude to Mrs. Carol Barkstrom, Mr. George Squires, Mr. Ron Smith, Mr. Charles Dietz of Dietz Press, and all the students who submitted their poetry, short stories, essays, photography, and artwork.

"Bayles" Speaks?

The quality of the St. Christopher's Glee Club reflects the time and devotion of its director, members, and accompanists. Our school is truly fortunate to have such an extensive music program. Through Glee Club, you can pursue interests in music, meet new friends, and even travel on concert tours.

This year has proven a challenge for Director Hope Armstrong Erb and all involved. Not only did we have the largest and most diverse group in the history of the Glee Club but we also faced some very challenging music. However, judging from our concerts, I think we can honestly state that we met the challenge and overcame its complexity.

The senior members of the Glee Club have exhibited a great deal of leadership. Clearly the program will not be the same next year without Leo Boyd, Zack Erb, Stuart Gunter, Popie Reed, and Edward Williams.

I think I can honestly speak for the rest of the seniors in stating that the Glee Club has given much to us over the years. It has been an experience that won't soon be forgotten. We only hope that we've been able to give as much of ourselves to the Glee Club, as it has given to us.

A Letter from the Board

The St. Christopher's Students Against Driving Drunk (S.A.D.D.) program consists of students who attempt to prevent people from driving while under the influence of alcohol. The S.A.D.D. members are directed by a six member governing body consisting of three St. Christopher's students and three St. Catherine's students. Our faculty advisor, Ms. Lucy Berndt, aids us in organizing the group's activities.

The two schools, in a combined effort, promote the idea of keeping people from behind the wheel of a car when intoxicated. However, more unique to the S.A.D.D. chapter at St. Christopher's is the driving service, open on the weekends from 10pm until 2am. S.A.D.D. members patiently await calls from inebriated "Saints." The St. Christopher's driving service distinguishes itself from other S.A.D.D. organizations in Virginia. The members of the organization diligently work to prevent them from driving drunk.

THE BEST BUILT $265 BUNK BED EVER MADE.

A This End Up bunk bed will never shake, rattle or roll. No matter how hard it's rocked.

Each bunk bed is a signed original built by a single craftsman from start to finish. And made out of solid wood. So while others have copied our style, none have matched our workmanship.

That's why our furniture looks great. And lasts forever. And because we sell it in our own stores and deliver it in our own trucks, we can offer very comfortable prices.

We have over 140 stores nationwide with furniture for every room in the house. And an incredibly solid, secure bunk bed. One that helps you sleep a lot better at night.

The original This End Up bunk bed.
